Tracie Gray

Tracie Gray has over 20 years experience in television, film, stage productions and radio. She is a second generation radio announcer, having learned the industry at a tender age from her Dad with guest appearances on his morning radio show.

Tracie discovered her passion working in the media and hosting live events. Acting, writing and a flare for comedy round out this accomplished performer. Her quick wit and love of an audience are readily apparent whenever she takes the stage.

Tracie brings energy, vitality and a natural charm to everything she does. She can be heard on all four (4)

CORUS Radio stations in Edmonton and hosts traffic reports on Global TV's popular Morning Show as well as social media events online.

Tracie is the performing voice and personality of television and radio commercials. She is a welcome Master of Ceremonies for hundreds of fund raisers, concerts and special events in Edmonton, Vancouver, Seattle and Toronto with audiences ranging up to 30,000. Tracie once hosted an international trade show in the former Russian republic of Minsk, Belarus. No event is too big, too small, or too far from home for Tracie Gray.
